

# Deputy Commandant, Installations & Logistics Priorities

## Expeditionary Logistics

*Enhance logistics support of the MAG, the Nation's premier expeditionary force-in-readiness, across the spectrum of conflict*

## Total Life Cycle Management

*Increase equipment readiness through "cradle-to-grave" management of weapons systems*

## Continuous Process Improvement

*Improve combat readiness through innovation*

## Quality of Life

*Deliver the highest quality support, services, and amenities to our Marines and Families in garrison and while deployed*
